Hi JL,

**Subject:** D4884-1 FITTING

Hi Roberto,

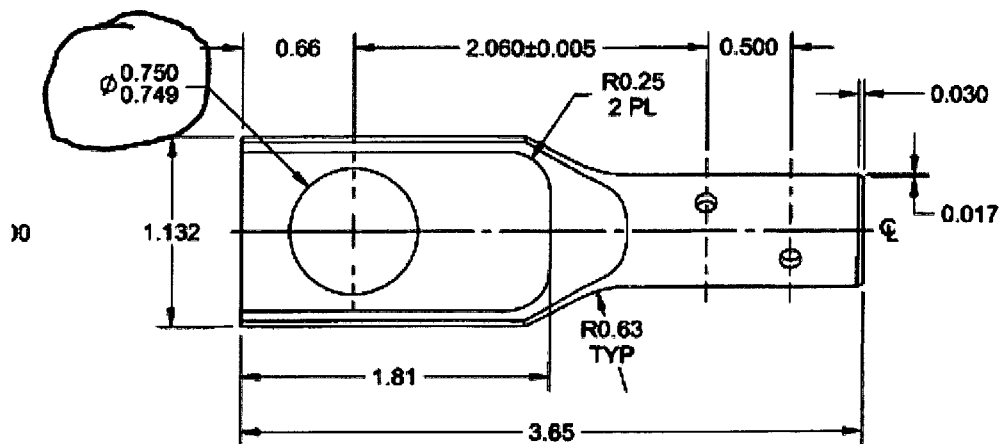

We have a qty of 4 of these fittings that the hole is actually coming at .7485"-.7495",so meaning the the hole is out of round .0005".

I have ordered a special reamer to eliminate this problem in the future,are these 4 parts acceptable as is?

I don't want to pass the reamer in them now as they will most likely come out oversize.

Let mne know,

JL
